## HOME IMPROVEMENT FINANCING PROGRAM

# Save Money

On Your Energy Bills

Learn more at our website  
[SolarEnergyLoanFund.org](http://SolarEnergyLoanFund.org)

# What is SELF?

**SELF** is a non-profit 501(c) 3 organization that provides financing opportunities to help with home improvements that save you money, increases your home value, makes your home hurricane proof and enhances your quality of life.

## Energy Assessments

An energy assessment identifies the most cost-effective improvements applicable to your home and estimates your potential energy savings.

**SELF** will act as your coach to make informed decisions on your energy improvements and help you through the process from start to finish.

## Favorable Financing

**SELF** offers low interest rates and flexible approval in order for many homeowners to have access to energy efficient, and renewable energy products as well as wind hazard mitigation and water conservation products with zero money down.

## Products for Home Improvements

**SELF** offers low-interest rate financing for more than fourteen energy saving products including:

### Energy Efficiency

- ◆ Air conditioners
- ◆ Weatherization
- ◆ Windows and doors
- ◆ LED lights

### Renewable Energy

- ◆ Solar water heater
- ◆ Solar electric panels

### Wind Hazard Mitigation

- ◆ Hurricane Resistant Windows, Doors, Roofs and Shutters

### Water Conservation

- ◆ Irrigation System
- ◆ Rainwater Cistern
